Citizens of Lyon County Meet at Dayton.

Two Hundred Torches! **Grand Illumination** of the Town!

Nearly every House on Main and Pike Sts. Illuminated in honer of the Grand Event!!

Last evening, according to announcement, the grand event of the campaign took place at Dayton. Bonfires had been prepared for near a mile above the town, which assisted greatly the vehicles from Silver City and towns above. One of the handsomest features of the procession that was formed at the Tollhouse, was a number of school girls, who marched with the sturdy voters through the streets of the County Seat, until they arrived at the Court House. After music by the Washington Guard Baud of Virginia City, Dr. Buncher, Chairman of the Union Republican County Central Committee, called the meeting to order, when Dr. Zabriskie was chosen Chairman of the meeting. The Doctor explained, in a few happy remarks, that Dr. Hazlett would not be present owing to engagements at Carson City, and introduced Colonel J. C. Zabriskie, of

San Francisco. The Colonel, one of the most eloquent speakers of the Pacific coast. opened the ball by paying a merited compliment to the Hon. C. E. De-Long. He spoke of him as receiving and deserving of more distinction abroad than any of the Ministers of the United States Consulate, and thought Gen. Grant did a very unwise act when he received Minister DeLong's resignation. The speaker then paid his attention to the various political parties of the day, and spoke of the Independents as the "hybrids, not liable to perpetuate their species," which was received with hearty applause. We have not the space to review the masterly effort of Col. Zabriskie, and, with all the help and room that could be asked for, we could not do justice to the same. He must be heard to be appreciated.

Election Law.

We copy, for the benefit of our readers, the following pertinent extracts from the Election Law of the State of Nevada:

Section 1. At all elections held under this Act the polls shall be opened at the hour of 8 o'clock in the forengon and continue open until 6 o'clock in the afternoon of the same day, at which time the polls shall be closed; and upon opening MASS MEETING! the polls one of the Clerks, under the direction of the Inspectors, shall make proclamation of the same; and 30 minutes before closing of the polls proclamation shall be made in like manner that the polls will be closed in half an hour; but the Board may, in their discretion, adjourn the polls for one hour at any time they may think proper during the day before four o'clock in the afternoon, proclamation of the same TORCHLIGHT PROCESSION being made.
Sec. 13. Every elector shall, in

full view, deliver to one of the Inspectors of the election a single ballot or piece of paper, on which shall be written or printed the names of the persons voted for, with a perti-nent designation of the offices to which each person so named is intended by him to be chosen. Said ballot may be open or folded, as the voter may choose; and said ballot shall, in color, size, form and texture, conform to the requirements set forth in the proclamation of the County Commissioners of each county; and further, that said bal lot or ticket shall be free from marks, characters or device, or thing that would enable any person to distinguish by the back or when folded, from any other legal ticket

or ballot. Sec. 18. No ticket or ballot shall on the day of election be given or delivered to, or received by any person except the Inspector, or a Judge acting as Inspector, nor fold any ticket or unfold any ballot which he intends to use in voting, or exhibit to another in any manner by which the contents thereof may be known, or request another person to exhibit or disclose the contents of an or ballot, within one hundred feet of the polling place; provided, that in case any elector voting an open ticket, the Inspector or Judge acting as Inspector, may fold the same be fore placing it in the ballot-box.

### THE DIFFERENCE.

The Democrats of Georgia and Louisiana band together and equip themselves with the most approved rifles, and feel hurt if any one questions their constitutional right to thus bear arms. But the exercise of the same right on the part of the Republicans, is looked upon as a SATIN LINED DRESS SUITS, conspiracy against the peace of the State, and to find a revolver or rifle in the possession of a colored man is sufficient evidence to hang the possufficient evidence to hang the pos-sessor to the limb of a tree or riddle him with bullets. This is Southern Democracy, that claims national honors at the hands of the people. If savage barbarism could win honors, Democracy would carry off the

Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S carliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical College is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of Disease, enables him to guarantee assurances of success in the eradication of the multiform chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Affections. For Congress,

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Lose of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leuchorren, Dyspepsia, Indigestion, Constipation, and the many petty irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief. COME AND BE HEALED. It matters not what your troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a case unless he is confident of effecting a cure.

Dr. Spinney will guarantee to forfeit five hundred dollars for every case of sentinal weakness, or private disease of any kind or character, which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering on the last, and are suffering some or all of its ill effects, remember that if you obstinately persist in procrastination, the time must come when the crastination, the time must come when the skilful physician can render you no assist-ance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let no despair work itself upon your imagination, but avail your-self of the beneficial results of his treatment before your case is beyond the reach of med-ical skill, or before gram death hurries you to a premature grave.

That we are opposed to those combinations of massed capital which determine to direct, control and debauch legislation; which endeavor to override and crush every man and every interest they cannot control or use; which make bribery a trade, corruption a system, and openly malign or secretly whisper away the good name of every public man who will not do their bidding.
